

Offering Innovative PACKAGING SOLUTIONS

WE SPECIALISE IN BESPOKE PACKAGING, TAILORED TO MEET THE UNIQUE REQUIREMENTS OF EACH INDIVIDUAL CUSTOMER.

KAVYA INDUSTRIES

COMPLETE PACKAGING SOLUTIONS

WELCOME TO KAVYA INDUSTRIES

At **Kavya Industries**, our journey began in January **2012** with a simple yet powerful vision: to revolutionize the packaging industry with ingenuity and dedication. Fueled by a passion for quality craftsmanship and a commitment to customer satisfaction, we embarked on this endeavor to fill a gap in the market for reliable, **Innovative Packaging Solutions**.

OUR PRODUCT RANGE

- Wooden Boxes & Plywood Boxes
- PP & Corrugated Box
- Wooden Pallets & Crates
- Tarpauline Bag & Poly VCI Bags
- Stretch film & Bubble Sheets
- Plastic Pallet, Edge Protectors & More

OUR PRODUCTS

STRETCH FILM

Stretch Film, also known as stretch wrap or pallet wrap, is a versatile packaging material made from a stretchable plastic film, this material adheres tightly to items, creating a secure and stable load that prevents shifting, tampering, and damage.

SPECIFICATIONS

MOQ : 30 kg
Sizes : 100 mm, 150 mm, 200 mm, 300 mm, 500 mm
Packaging Type : Roll

APPLICATIONS - Pallet Wrapping, Product Bundling, Protection, Tamper-Evident Seal etc

BUBBLE ROLL SHEET

Bubble Roll Sheets are excellent packaging materials composed of a layer of plastic film with evenly spaced air-filled bubbles, these sheets offer excellent shock absorption and impact resistance to safeguard goods from damage or breakage.

SPECIFICATIONS

MOQ : 1 Roll
Pattern : Air bubble roll
Shape : Roll
Color : White, Pink
Length : 5-50 mtr

APPLICATIONS - Packaging, Shipping, Storage, Crafts and DIY Projects etc.

EPE FOAM

Our **EPE Foam** products offer superior cushioning, protection, & insulation, ideal for a wide range of packaging and insulation applications.

SPECIFICATIONS

MOQ : 5 Roll
Color : White
Material : EPE Foam
Thickness : 2 mm, 3 mm, 5 mm, 8 mm, 10 mm, 12 mm
Shape : Round

APPLICATIONS - Packaging, Insulation, Cushioning, Medical Supplies, Automotive Industry.

WOODEN PACKAGING BOXES

Our **Wooden Packaging Boxes** are sturdy containers made from high-quality wood materials, designed to provide reliable protection and support for various goods during transportation, storage, and shipping.

SPECIFICATIONS

Size	: Customizable Size
Wood Type	: Jungle/Pine wood
Color	: Brown
Entry Type	: 4 Way
Load Capacity	: 50-100 Kg

APPLICATIONS - Shipping & Transportation, Storage, Retail Display, Gift Packaging etc.

WOODEN PACKAGING PALLETS

Wooden Pallets are essential tools in the logistics and transportation industry, crafted from sturdy wood materials, these platforms provide stability & support for various products, ensuring secure movement throughout the supply chain.

SPECIFICATIONS

Size	: 1000 x 1200 x 156mm
Shape	: Rectangular
Capacity	: 1000Kg
Color	: Brown
Entry Type	: 4 Way
Available In	: Pinewood, JungleWood

APPLICATIONS - Warehousing, Transportation, Manufacturing, Retail Display etc.

WOODEN PACKAGING CRATES

Kavya Industries Crates have been a staple in the packaging industry for years, renowned for their durability, versatility, and eco-friendliness. Crafted from high-quality wood, our crates are designed to withstand the rigors of transportation.

SPECIFICATIONS

Shape	: Square
Entry Type	: 4 Way
Color	: Brown
Wood Type	: Soft Wood
Load Capacity	: 50-100Kg

APPLICATIONS - Shipping and Transportation, Storage, Export Packaging etc.

NO NAIL PLYWOOD BOXES

Plywood Boxes without nails represent a modern and innovative approach to packaging solutions. At Kavya Industries, we specialize in crafting plywood boxes with innovative techniques that offer exceptional strength, durability, and versatility without the need for traditional nail fasteners.

SPECIFICATIONS

Color	: Natural
Shape	: Square/Rectangle
Capacity	: 100 to 2000 kg
Entry Type	: 2 Way
Pallet Type	: Pine Wood, Rubber Wood, Jungle Wood

APPLICATIONS - Storage & Warehousing, Shipping & Transportation, Export & Food Packaging

PP CORRUGATED BOX

PP (Polypropylene) **Corrugated Boxes** are lightweight and durable packaging solutions known for their versatility and strength. Constructed from twin-wall polypropylene sheets, these boxes offer excellent resistance to moisture, chemicals impacts, making them ideal for a wide range of packaging applications.

SPECIFICATIONS

Material	: Plastic
Material Grade	: Anti Static
Box Capacity	: As per requirement
Property	: Disposable
Material Thickness	: 0 - 3 mm

APPLICATIONS - Shipping and Transport, Storage, Retail Display etc.

CORRUGATED BOXES

Corrugated Boxes are versatile packaging solutions characterized by their unique construction, featuring fluted layers sandwiched between flat liners. These boxes are crafted from corrugated cardboard, a material renowned for its strength, durability, and cost-effectiveness.

SPECIFICATIONS

Types	: 3 ply, 5 ply, 7 ply
Box Capacity	: Customized as per requirement

APPLICATIONS - Shipping and Transportation, E-commerce Packaging, Retail Packaging, Storage and Warehousing etc

POLY VCI BAGS

Poly VCI (Volatile Corrosion Inhibitor) **Bags** are specialized packaging solutions designed to protect metal components and products from corrosion during storage, transportation, and shipping. These bags are constructed from high-quality polyethylene materials infused with VCI chemicals.

SPECIFICATIONS

Material	: Biodegradable Plastic
Pattern	: Plain
Color	: Blue
Design	: Regular Pattern

APPLICATIONS - Metal Packaging, Export and Long-Term Storage etc.

TARPAULINE BAG

Tarpaulin Bags, also known as tarp bags or tarpaulin sacks, are heavy-duty and waterproof storage solutions constructed from durable tarpaulin fabric, which is a strong and flexible material that offers protection against moisture, dust, and other environmental factors.

SPECIFICATIONS

Ultra Heavy	: Duty Tarpaulin available in three sizes.
Manufactured	: From weatherproof 500 GSM PVC
Anti	: Tear and tamperproof plastic.

APPLICATIONS - Construction and Agriculture, Outdoor Activities, Industrial Storage, Disaster Relief etc

POLYESTER LASHING BELT

Kavya **Polyester Lashing Belts** are engineered using premium-grade polyester fibers, ensuring exceptional strength & durability. These belts are meticulously woven to withstand the rigors of transportation, providing reliable support for securing cargo.

SPECIFICATIONS

MOQ	: 200
Load Capacity	: 500 - 2500 kg
Available Strap Length	: 50 m
Material	: Polyester

APPLICATIONS - Shipping and Freight Forwarding, Construction and Heavy Equipment, Warehousing and Distribution etc.

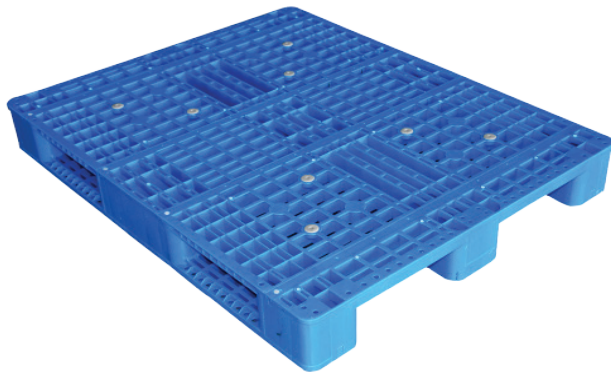

PLASTIC PALLET

Our high-quality **Plastic Pallets** offer a robust and hygienic solution for various industries including logistics, food and beverage, pharmaceuticals, and more.

SPECIFICATIONS

Moulded	: Injection Moulded
Dimension	: 1200 x 1000 x 160 mm
Color	: Grey, Blue

APPLICATIONS - Logistics and Warehousing, Retail and Distribution, Export and International Shipping, Chemical & Hazardous Materials Handling etc

ESD BAGS

Discover the reliability and protection of **ESD** (Electrostatic Discharge) **Bags** by Kavya Industries. Our ESD bags offer a safe and secure solution for storing and transporting sensitive electronic components, preventing damage from electrostatic discharge.

SPECIFICATIONS

Available	: In all sizes and can be customized as per requirement
-----------	---

APPLICATIONS - Electronics Industry, Manufacturing & Assembly, Aerospace and Defense, Medical and Healthcare etc..

POLY BAGS

Our high-quality **Poly Bags** offer a wide range of packaging solutions for various industries, including retail, food and beverage, pharmaceuticals, and more

SPECIFICATIONS

Material	: Biodegradable Plastic
Pattern	: Plain
Color	: Transparent
Design	: Regular Pattern

APPLICATIONS - Retails, Storage & Organization, Industrial & Commercial Packaging, Waste Management etc.

EDGE PROTECTOR

Kavya Industries high-end **Edge Protectors** offer a robust solution for safeguarding goods during transportation and storage. With customizable options and durable construction, trust Kavya Industries to provide superior edge protection for your products.

SPECIFICATIONS

Color : Brown
Sizes : can be customized as per your requirement

APPLICATIONS - Storage and Warehousing, Packaging & Shipping, Automotive & Transportation, Retail and Display etc.

BOPP SELF ADHESIVE TAPE

Our high-quality tape offers strong adhesion and durability, making it ideal for various packaging and sealing applications.

SPECIFICATIONS

MOQ : 360 Numbers
Packaging Size : 50 mtr
Material : BOPP
Available Color : Brown, Transparent
Diameter : 2in*50mtr

APPLICATIONS - Packaging and Carton Sealing, Shipping and Logistics, Product Labeling and Branding, Automotive and Manufacturing
